Is Volunteerism Alive and Well?

If you think you know Adelle O'Bryan, let me share a bit of her life with you. Adelle lived very close to her sister most of her life. After losing her sister in 2004, Ardelle set out to find a new life in a new area. Idaho seemed to be the perfect landing place! Nampa became the benefactor of that decision. Ardelle found her passion in volunteering in areas that could use her expertise. She began this calling by joining the Auxiliary at the Civic Center and soon became the Association President. It didn't take long for Ardelle to see the need of leadership in our area spelling bee. She changed the location of the spelling bee and was dedicated to collecting donations to reward the contestants who worked very hard to participate in the spelling bee. Other recipients of her volunteer work included The Fair, the Farmers Market, The Salvation Army, Walk for the Cure, Relay for Life and several schools who needed leadership in establishing a PTA. More recently Ardelle has served on our HOA Board as well as the Architectural Control Committee. Thank you, Ardelle, for making our city and our community a better place to live. We are proud of you!

Thank you to Ron Rodriques and Chris Finochio for keeping our front entrance and pond looking so nice. I am sure they would not turn down others who would be interested in volunteering! We love and are proud of our community.

A Word from our Board of Directors

The annual meeting and election of board members is just around the corner in Sept. There will be two positions up for election. If anyone is interested in running for one of these positions, please submit your name to HOA secretary, Kathy Parson. kathleenparson@gmail.com
The deadline for printing the ballot is August 15th. If you are interested in creating a bio for the September newsletter and need help with that, give Barb Winter a call at 541-840-8534.

I hate to mention this again, but there have been continuous complaints about dogs running loose in the community and doggy messes left behind. Remember, the CC&Rs state no pets without leashes as well as keeping pets off the grass of others. The easiest way to keep out of trouble is to keep them on leashes and to clean up after them. Most of us love pets but we MUST keep them off the yards of others. Thank you for your co-operation!
