

Lava Falls Extended Parking Application

Currently the CCRs allow for a 72 hour window in which you may have a recreational vehicle, trailer or storage bin/trash bin parked in your driveway or on the street. Anytime beyond that is subject to violations up to and including fines, etc. In addition, the CCRs do not allow for permanent or temporary occupation of Recreation Vehicles, sheds, outbuildings, etc. Lava Falls HOA recognizes that there may be extenuating circumstances in which it is necessary to exceed that time allowance and/or occupancy variance. Please complete the following information below to request an extension to the time afforded for recreational vehicle/trailer parking in the CCRs. If approved, the HOA will provide a temporary parking permit to be displayed prominently in the vehicle or on the unit.

Name: _____

Address: _____

Time extension needed beyond 72 hours: _____

Vehicle Make/Model and License Plate or description of unit:

Reason: _____

Will RV be occupied during proposed duration? Y N

Date extension needed: _____
